## GEF and the TEN-O Booster Club

Please note a contribution to the Gymnastics Endowment Fund does not include TEN-O Club membership. Similarly, membership in the TEN-O Booster Club does not mean you will receive benefits associated with GEF contributions.

### What is the Gymnastics Endowment Fund (GEF)?

\*GEF is the UGA Athletic Associations membership and priority seating system for the sport of gymnastics. With a \$50 per seat donation, contributors are given priority in their seat location and able to retain or request relocation upon renewal each year. Donors are able to receive additional benefits such as a media guide, parking pass and hospitality room passes based on their annual giving level.

#### Where does my GEF contribution go?

\*Contributions to GEF provide gymnastics student-athletes with scholarship support as well as financial support for Stegeman Coliseum facility enhancements such as the Coliseum Training Facility. Although the Training Facility is built, the Athletic Association is continually working to fund the \$30 million bond on the facility. .

#### Who benefits from my GEF contribution?

\* Although the Coliseum Training Facility is home to Gymnastics, Men's Basketball and Women's Basketball, over 600 student-athletes benefit from its construction. In addition the first class facility is a draw to recruits for all programs.

#### How you can get involved:

\*You may make a contribution to GEF through The Georgia Bulldog Club at 877-GA-DAWGS, by mailing a check made out to GEF or online at georgiadogs.com. You may also visit georgiadogs.com for a full list of donor benefits. For the 2010 season all GEF donors will receive a 2009 Championship DVD
